

CGS 3066: Web Design and Programming

SPRING 2018 SYLLABUS

1 Class Time and Location

Mondays and Wednesdays, 5:15 - 6:30 PM. LOV 301

2 Instructor Information

- Name: Peyman Faizian
- Email: faizian@cs.fsu.edu
- Office: 167 LOV
- Office hours: Monday, Thursday 2:00-4:00 PM

3 Class Homepage

The course website <http://ww2.cs.fsu.edu/~faizian/cgs3066/> contains all of the information related to this class including lecture slides, assignments, examples, and links to useful resources. The class also has a Canvas page that will be used to post grades and send out announcements.

4 Course Objectives

This course involves an overview of Internet communications and information services as well as technologies on which the Internet and the Web are built. It focuses on Web design, development, and scripting and learning the latest tools and techniques for building professional, dynamic, and interactive web pages and sites. Upon successful completion of this course of study, the student will be familiar with:

- HTML
- CSS
- Javascript
- PHP
- MYSQL

5 Student Responsibilities

Attendance is required for this class. Unless you obtain prior consent of the instructor, missing classes will be used as basis for attendance grading. In case that it is necessary to skip a class, students are responsible to make up missed materials. Participation in in-class discussions and activities is also required. All submitted assignments and projects must be done by the author(s). It is a violation of the Academic Honor Code to submit other's work and the instructor of this course takes the violations very seriously.

6 Assignments, Projects and Tests

There will be up to 5 assignments for this course which will be posted on the course website and Canvas. You will have 10 days to complete each assignment. In addition to this, you will be expected to complete a term project that demonstrates your mastery over the concepts introduced in class. Projects can be done in groups of at most 3 students. At the end of the semester, students will be expected to demo their projects. There will be three tests over the course of the semester. The date for each test will be announced on the course website and Canvas in advance. The final is on the Wednesday of finals week (5/2/2018) at 5:30 PM.

7 Grading Policy

The final score for the course will be computed as follows:

Class Participation	5%
Assignments	30%
Tests	30%
Term Project	20%
Final Exam	15%

The final grade will be calculated according to your final score as shown in the table below:

		A	≥ 93	A-	92.99 - 90
B+	89.99 - 87	B	86.99 - 83	B-	82.99 - 80
C+	79.99 - 77	C	76.99 - 73	C-	72.99 - 70
D+	69.99 - 67	D	66.99 - 63	D-	62.99 - 60
F	< 60				

8 Late Assignment Policy

Students are expected to turn their assignments in on or before the due date. Late assignments will suffer a 5 percentage point penalty for every 24 hour period. For example, an assignment worth 200 points turned in 4 days late will receive a 40 point penalty. Assignments turned in 5 days after the due date will receive a grade of '0', but you can still have it graded and receive feedback.

9 Academic Honor Code

The Florida State University Academic Honor Policy outlines the University's expectations for the integrity of students' academic work, the procedures for resolving alleged violations of those expectations, and the rights and responsibilities of students and faculty members throughout the process. Students are responsible for reading the Academic Honor Policy and for living up to their pledge to ". . . be honest and truthful and . . . [to] strive for personal and institutional integrity at Florida State University." (Florida State University Academic Honor Policy, found at <http://dof.fsu.edu/honorpolicy.htm>)

Assignments/projects/exams are to be done individually, unless specified otherwise. It is a violation of the Academic Honor Code to take credit for the work done by other people. It is also a violation to assist another person in violating the Code (See the FSU Student Handbook for penalties for violations of the Honor Code). The judgment for the violation of the Academic Honor Code will be done by the instructor and a third party member (another faculty member in the Computer Science Department not involved in this course). Once the judgment is made, the case is closed and no arguments from the involved parties will be heard. Examples of cheating behaviors include:

- Discuss the solution for a homework question.
- Copy programs for programming assignments.
- Use and submit existing programs/reports on the world wide web as written assignments.
- Submit programs/reports/assignments done by a third party, including hired and contracted.
- Plagiarize sentences/paragraphs from others without giving the appropriate references. Plagiarism is a serious intellectual crime and the consequences can be very substantial.

Penalty for violating the Academic Honor Code: A 0 grade for the particular assignment /exam and a reduction of one letter grade in the final grade for all parties involved for each occurrence. A report will be sent to the department chairman for further administrative actions.

10 Accommodation for Disabilities

Students with disabilities needing academic accommodations should: 1) register with and provide documentation to the Student Disability Resource Center (SDRC), and 2) bring a letter to the

instructor indicating the need for accommodation and what type. This should be done within the first week of class. This syllabus and other class materials are available in alternative format upon request.

For more information about services available to FSU students with disabilities, contact the Assistant Dean of Students:
